

OCTOBER 2023

U.S. STEEL
TOWER

Tower Notes

Experience the best of downtown living and craft beers from some of the city's most beloved local breweries on Thursday, October 12th, from 4 to 8 pm with the Views & Brews Tour. The Downtown Living Tour offers unique views of ten properties and beer tasting from four local breweries. Best of all, the tour starts and ends at Brew Gentlemen's Downtown Beer Garden here at the tower, where you can look forward to live music and, of course, beer. Tickets are on sale now for \$17.35. For more information and to purchase tickets, visit <https://bit.ly/ViewsBrewsPGH>.

Building Notes

Power Shutdown: Beginning at 12 am (midnight) on Sunday, October 22nd, the tower will be closed for semi-annual testing and maintenance of major systems including electrical, mechanical, elevators, fire and life safety. Please turn off all electrical equipment that could experience damage if power is disconnected, such as computers, coffee makers and copiers.

The building is scheduled to reopen at 12 pm (noon) on Sunday, October 22nd, once power is restored.

Pittsburgh Crèche – Construction of the Pittsburgh Crèche will begin on Monday, October 16th. The dedication ceremony is scheduled for Friday, November 17th at 12 pm (noon). The large-scale nativity scene will be on display November 17th through January 7th.

Have You Met...

Susan Trotter

Although she works for Chelsey Brown, the tower's security contractor, you may recognize Susan from the Winthrop Management office, where she works as the receptionist and is the tower's tenant services coordinator. In her role, Susan answers phones, routes work orders and assists tenants.

Born and raised in Pittsburgh, Susan graduated from the University of Pittsburgh (better known as "Pitt") last year with a Bachelor of Science degree in Natural Science. When she's not at work, Susan enjoys reading, going to the movies and trying out coffee shops around Pittsburgh.

Eddie Erwin

Eddie is the tower's engineering and procurement assistant, supporting the director of engineering and ordering parts, equipment, materials and tools for the tower's engineers. Prior to joining the Winthrop team, Eddie served five years in the US Air Force as an aircraft mechanic and worked in the building automation industry. He finds the building fascinating and learns something new every day.

If Eddie looks familiar, you may have heard him perform this summer at the Beer Garden on the plaza. Or maybe you recall him from the 2018-2019 season of American Idol, where he won a coveted Golden Ticket to Hollywood. Along with music, Eddie is obsessed with golf, and has an impressive handicap – though the Ambridge native tends not to say too much about it.

We Have a **WINNER**

Congratulations to **Jeana Aluise** (Edgar Snyder & Associates), winner of the \$200 Hofbräuhaus gift card at the Oktoberfest celebration last month at BG's Downtown Beer Garden. Jeana's name was picked in a drawing of U.S. Steel Tower app users – another great reason to download the app!

Not on the app? Download it for free from the App store or Google Play or scan the QR code below.

Autumn shows us
how beautiful it is
to let things go.
