## Paddling for a Cause

October is Breast Cancer Awareness Month, and Winthrop Management is teaming up with Pittsburgh Hearts of Steel, a nonprofit breast cancer organization, to raise awareness through the sport of dragon boat paddling. Launched on the Allegheny River in May 2017, this group of gritty and courageous survivors competes in races around the world today.

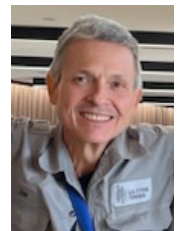

Members from Hearts of Steel will be in the Upper Lobby on October 3rd, from 11am to 1pm to answer questions and demonstrate their skills. Ready for a challenge? Jump on a rower and test your endurance against the Hearts of Steel Dragon Boat Team. To learn more about Pittsburgh Hearts of Steel, [click here](#).

You can support your neighbors, friends and loved ones impacted by breast cancer by making a donation. Scan the QR code on the right to donate in honor of a survivor or a loved one lost to breast cancer. When you donate, a ribbon with your name will be added to our board of recognition in the Upper Lobby throughout the month of October.

## Remembering Joe

It is with heavy hearts that we announce the passing of the tower's beloved engineer, Joseph "Joe" Hajek, after a two-year battle with cancer. Joe joined the general maintenance team in August of 2016 and continued to work throughout his illness.

An avid animal lover and outdoorsman, Joe will be remembered for his infectious smile, willingness to help others, strong work ethic, and love for family. We'll think of him fondly each time we see the green Adirondack chairs on the plaza that he designed and built with his team.

Rest in peace, Joe. Thank you for always making our days brighter.
